#### Background

Since the promotion of the previous Works Supervisor to the CEO position and as discussed with Council during the interview process, there was a need to review the Corporate Structure and responsibilities of the existing staff structure to reflect the new operational human resource, eliminating the old Works Supervisors position.

Attached is a copy of the structure which reflects Kevin Paust's new role as Construction Supervisor. The administrative officers' area is currently under review with roles and responsibilities still to be determined and will be presented to Council in the near future for ratification.

I have previously shared with Council the new responsibilities of the Construction Supervisors position with additional details on his proposed salary structure and Council benefits which are clearly detailed in the personnel file of Kevin Paust.

**Statutory Environment** 

Local Government Act 1995.

Council does not have a policy in relation to this matter

**Strategic Implications** 

Rationalisation of staffing whilst utilising existing skillset within the organisation.

#### **Financial Implications**

The new Corporate Structure eliminates the need for the traditional Works Supervisor position with the responsibilities being shared between the CEO and the Construction Supervisors position, which has a significant saving to the organisation.

#### **Purpose of the Report**

Executive Decision

Legislative Requirement

This report seeks Council's approval for the re-allocation of Council vehicles to senior staff as well as a variation in vehicle make/model.

Background

Since the promotion of the previous Works Supervisor to the CEO position and as discussed with Council during the interview process, there was a need to review the Corporate Structure and responsibilities of the existing staff structure to reflect the new operational human resource, eliminating the old Works Supervisors position.

The Toyota Prado, (previously Works Supervisors) is considered impractical to allocate to the newly created Construction Supervisors position as he requires a utility styled vehicle to carry out his duties effectively. Council retains good equity in the Prado with positive changeover costs', so it is recommended that this vehicle be allocated to the Manager of Corporate Services position.

Further it is recommended that the Toyota RAV 4 be traded for a Toyota Hilux SR model with well body/canopy to be allocated to the Construction Supervisors position. Quotations have been obtained with a changeover cost for this being \$ 10,966.24. The existing crew cab utility will be utilised by the remaining plant operators.

A new Toyota Prado is ready for changeover at Merredin Toyota.

Statutory Environment

Local Government Act 1995.

**Policy Implications** 

Council does not have a policy in relation to this matter

Strategic Implications

Reallocation of Council assets that best fit operational needs.

**Financial Implications** 

The changeover figure of \$ 10,966.24 between the RAV 4 and Hilux utility is considered value for money as the last changeover between RAV 4 to RAV 4 was \$ 20,485.

**Executive Decision** 

This report is requesting Council to formally adopt the Diorite Street Recreational Masterplan as presented by Donovan Payne Architects, inclusive of the 3 phase classification and estimated costs provided by Neil Butler Quantity Surveying Services.

This report also seeks Council approval to engage Donovan Payne Architects to undertake Engineering and Architectural Services for Stage 1 Swimming Pool Kiosk Building so that the project can proceed to Tender/Construction stage prior to next pool season

#### Background

Council engaged Kim Donovan from Donovan Payne Architects to undertake a Master planning exercise of the Diorite Street Recreational Precinct which would modernise the facilities and surrounds for the future. After several working meetings the final draft was presented for adoption. Council also took the opportunity to stage the project into 3 phases in consideration of the scale of the overall project.

Public submissions were invited from the community closing Friday 14<sup>th</sup> January 2022. At the close of comment period no formal submissions were received, but there has been a lot of support verbally provided by the community.

#### Comment

If Council wish for the Phase 1 projects to be completed prior to next season, it is critical that the Architectural and Engineering Designs are completed so that the formal tender process can be initiated. Donovan Payne Architects have provided a quotation for the following

Phase 1 – Concept development - \$ 9000

Phase 2 – Design Development – detailed architectural design, BCA compliance and engineering input as the basis of the Contract Documentation. - \$ 22,000

Phase 3 – Contract Documentation – preparation of full working drawings and specifications for tender including preparation and assessment and recommendations to Council. \$ 37,000.

Phase 4 – Construction Phase – Contractor appointment inspections, contractor claim certification to practical completion. \$ 21,000.

This report is seeking Council endorsement of the application submitted to the Federal Government's Building Better Region's Futures Fund (BBRFF) to assist in the development of Phase 2 – Swimming Pool Bowl & Filtration Systems as part of the overall Diorite Street Recreational Precinct Masterplan.

#### Background

Council engaged Kim Donovan from Donovan Payne Architects to undertake a Master planning exercise of the Diorite Street Recreational Precinct which would modernise the facilities and surrounds for the future.

Council have identified 3 phases to the development of the precinct with funding already partly secured for phase 1 – Kiosk, amenities and Bowling Green.

Phase 2 being the Swimming Pool bowl and filtration system redevelopment has a significant financial cost estimated at @ \$ 2.8m. Significant external funding sources are required for this project to be realised. Council with the assistance of Rebekah Burgess, 150 Square Strategic Solutions, have submitted a comprehensive grant application to the Federals Government's Building Better Region's Futures Fund (BBRFF) for the amount of \$ 1.838,232, leaving a balance of \$ 989,817 being Council's contribution. \$ 200,000 of the balance is an in-kind contribution to the project.

#### Comment

Should Council be successful in receiving this grant the project will be able to commence in 2023 off pool season which would be ideal. This program is heavily subscribed so there is a chance that it may be pushed to the outer years.

I would like to acknowledge the outstanding contribution that Rebekah made in compiling the application which is to a very high standard.

This report seeks Council's direction on whether we support hosting the proposed CMCA Rally being held in Westonia between 30 March to 4 April, considering the potential risks posed by the Omicrom COVID spread.

#### Background

The Caravan and Motorhome Club of Australia are holding their Annual Rally in Westonia from the 30<sup>th</sup> of March until the 4<sup>th</sup> of April. The event can typically bring up to 150 vans to this one meeting (up to 300 visitors to town) in a six-day period. The intention was for the group to utilise the town oval and complex building. Council and some community groups have been planning a raft of activities as part of the groups stay, including but not limited to community market day, tours of town features, farm tour, bowls activities, meals and movie nights.

Individual members who wish to attend this rally require to be double vaccinated.

#### Comment

Considering that Westonia is home to a largely aged population group who would be considered vulnerable to a COVID outbreak, should Council be promoting an event that may attract up to 300 people from a wide area of communities? For example, the WEROC Student Immersion proposed for the same month has been postponed.

needs.

#### Background

Council has several minor assets that are surplus to requirements and are taking up storage room at Council depot.

The list of items includes

- 2 x Inflatable bouncy castles since the horrific tragedy in Tasmania in December, it is considered that the castles pose a significant liability risk to the Council, particularly now that they are quite worn and not maintained to optimum standard.
- Mobile Evaporative Air-conditioner Council has 2 x industrial coolers which used to be used in the Old Miners Hall. One is to be kept for the depot workshop and the other is surplus to needs.
- Husqvarna Chainsaw Council have upgraded their chainsaws and has one chainsaw to dispose.
- Pressure Cleaner in poor condition and surplus to needs.

Old Marquee – since Council have purchased a new marquee the old marquee, which is over 15 years old now, could be offered to the Burracoppin Daffodil Day Group who use it annually and could hire to other groups as a fundraising opportunity.

#### Comment

As advised these items are not being utilised and losing value by being stored. This is an opportunity to dispose of the items utilising the funds for required items.

#### Comment

Council Roads currently eligible under the Regional Road Group program are:-

- Warralakin Road
- Koorda Bullfinch Road (M040) •
- Leach Road
- Rabbit Proof Fence Road (sealed section only)
- Westonia/Carrabin Road
- Stoneman Road

Council will soon be undertaking the process required to have the Boodarockin and Shreeve Roads included under the program.

Periodically Council is required to review its 5 year program to ensure that it is relevant with the its current priorities and reflects the current and proposed status of the road projects.

The WNE SRRG has been advised that there is an additional \$ 484,000 available in the 22/23 financial year and as in the past it was considered that the additional funding be allocated across all of the existing projects and Council's on a pro rata basis, hence the need for the re-submission of updated 2022/23 MCA's reflecting this change.

Council's project for 2022/23 was originally;-

- 1. Warralakin Road reconstruct 4.0km (20.5 24.5 SLK) including 2 coat seal \$ 495,000. (RRG \$ 330,000, Council \$ 165,000)
- 2. Warralakin Road reconstruct 4.6km (20.5 25.1 SLK) including 2 coat seal \$ 570,840. (RRG \$ 380,560, Council \$ 190,280)

This report seeks Council's Approval for Ramelius to install 2 x transportable structures, one being a freezer and one being a laundry unit, on Council Jasper Street Road Reserve at the rear of the existing Accommodation Camp for an undetermined period to accommodate temporary COVID measures.

Ramelius, as part of their COVID mitigation measures, have installed the freezer already at the rear of the Mess so that they can store a minimum of 6 weeks food storage in the event of impacts of food supply or delivery shortages.

In addition to the above and in a COVID outbreak scenario Ramelius will be isolating the South-Eastern corner of the camp, which will be fenced and segregated from other facilities if a worker is required to isolate. There is a requirement for a temporary laundry facility to be included in this area to maintain the isolation.

Council, in 2009, previously allowed for expansion in these designated areas should the camp require additional accommodation. As this is hopefully only a temporary measure and that the road reserve is not a thoroughfare there is no real issue with the request.

Only consideration is that if it reduces the staff parking area at all that the mine has to make alternative arrangements for the overflow of vehicles.

Attached is a copy of the site plan for Councillor consideration.

Council allocated \$460,000 in the 2021/22 to facilitate the purchase of 2 new transportable residences for Council staff.

Council has also resolved to offer up to three (3) existing staff houses located at 106 Jasper Street, 294 Quartz Street and 128 Diorite Street, Westonia.

The original tender called prior to Christmas was poorly subscribed with only one tender provided with Council not prepared to make a decision on this result.

#### Comment

A notice inviting tenders for (2) 2 X 2 or 3 X 2 transportable residences was re-advertised statewide with tenders closing on Monday 14<sup>th</sup> February 2022. Lot 104 & 105 Jasper Street has been set aside as the location for the new residences.

In accordance with the Local Government (Functions & General) Regulations, Regulation 14(2a) the following criteria were utilised to assess the tenders submitted:

(a) Demonstrated experience in completing similar projects;

(b) Skills & experience of key personnel; and

(c) Financial capability to complete this project along with having suitable insurances.

Tenders were received as follows:

Legislative Requirement

This report seeks Council's nomination of Bill Price (CEO) to replace Jamie Criddle as a Council representative on the WEROC Inc Board.

The WEROC Inc. Constitution states that representatives to the WEROC Board are to be nominated every two years by each Member Local Government and the Executive Officer must be notified of these nominations in writing. Representatives must be either a sitting Councillor or the Chief Executive Officer.

On 30 October 2021, the terms of the two representatives from Westonia expired and the Shire of Westonia Council elected the following representatives for the next two-year term (expiring on 30 October 2023):

#### Delegates

President Karin Day burradays@gmail.com

CEO Jamie Criddle ceo@westonia.wa.gov.au

#### **Proxy Delegate**

Deputy President Mark Crees cr.crees@westonia.wa.gov.au

The Constitution states that if a nominated representative is withdrawn "written notice of the revocation of power as Representative must be given by the Local Government Member to the Executive Officer of WEROC along with the name of the succeeding representative".

Jamie is currently still named as a representative for the Shire of Westonia and to remove him and have my name included, a motion to this effect is required by Council.

#### Comment

As the next proposed meeting of WEROC is Tuesday 1<sup>st</sup> March prior to the next Council meeting I thought it pertinent to present a late agenda item.
