# CEO'S REPORT

- **GENERAL MATTERS**

- On Monday 24<sup>th</sup> July Crs Crees, Simmonds, Faithfull, Huxtable, DCEO and I attended Meeting Procedure Training held in Southern Cross by WALGA.
- I attended the funeral services of Kevin Lindley, Joy Ogden and Moe Hodge during the month.
- The majority of the month was spent on preparation of the 2024/25 Draft Budget. A draft budget meeting attended by Crs Crees, DellaBosca and Geier was held on Tuesday 9 July.
- Conducted final inspection of residence located at 55 Wolfram Street which has been tenanted by staff of Ramelius.
- Staff send-off was conducted for Kerry Hermon who has officially retired and Emilie Corsini who is on maternity leave.
- The Pool Kiosk project is progressing well with all pre-lay services installed, cement slab poured, and tilt panel walls installed. Next week the steel wall frames will be installed.

- Ben Jardine has poured the concrete slab for the shed being built at 4 Quartz Street.
- Mark Robertson & Ben Redman representatives from Inpex attended a meeting on Tuesday 9 July with several Councillors and CEO on a proposed Tree Farm project proposed for a property within the Shire Boundary.
- A Jensen and I participated in a zoom conference with representatives from Lotterywest on Wednesday 10 July to discuss the grant application being submitted for the Museum Upgrade and Leisure Centre projects.
- Mort Wignall the new EHO will be making his first visit to Westonia on Monday 15 July whereby he will be introduced to all of the food outlets.

- **DELEGATED AUTHORITY ACTIONS**

- **ROADCREW**

- The 2 x graders and rollers are using excellent conditions to undertake the winter grading program. Completed roads are illustrated on the attached map. (refer Attached Map).
- As we are not carting gravel at the moment the truck drivers have been busy around the town and at the Cemetery.
- Both the old Freightliner and the Stone Star Water Tanker have been disposed of during the month.

# COMMUNITY DEVELOPMENT AND WELLBEING REPORT

## COMMUNITY DEVELOPMENT REPORT

### Grant applications & award nominations submitted:

#### **FRRR - Future Drought Fund's Helping Regional Communities Prepare for Drought – Small Network Grants**

Westonia CRC's "Westonian's Working Together Towards Community Resilience" \$20,000.00 project application was successful. We wanted to create two inclusive community events with a focus on fostering active citizenship and volunteering. Events that would help to build community harmony and combat mental health issues in times of crisis. Through these events we aim to create community engagement and fundraising opportunities, build and support our community volunteer base, promote personal and leadership development opportunities. Starting with a Masquerade ball on the 5th of October 2024 a portion of funding will be spent on Advertising, Decorations and part of musician costs for the Ball, We will be purchasing 6x commercial grade 3x3 Gazebo's with accessories to be used by community groups as pop up information hubs at events and the remainder be put towards Advertising, Art project and Musician cost's for "Wessy on the Green" community Music Festival to be held on the 5th of April 2025.

A huge thank you goes out to the Foundation for Rural & Regional Renewal for this opportunity to create vibrant, sustainable events and empowering our community to be drought prepared and resilient.

#### **eID Infrastructure Grants Program**

The WA Government has announced a \$3.52M grants package to help the sheep and goat industry prepare for a smooth transition to the new national eID system.

A first round of closed grants has been offered directly to saleyards, abattoirs, export depots, registered feedlots and livestock agents to integrate eID technology and equipment into their business. Grants will be used to purchase eID scanners, readers, wands and essential eID tools and materials, as well as undertake limited works to accommodate eID technologies.

A second round of competitive grants valued at \$10,000 each, opened on 1 March and closed on 17 May 2024. The infrastructure grants were available to smaller, seasonal downstream market operators as well as community and grower groups. For further information click this link [Electronic identification for sheep and goats | Agriculture and Food](https://www.agric.wa.gov.au/electronic-identification-for-sheep-and-goats) or go to [www.agric.wa.gov.au](https://www.agric.wa.gov.au)

Westonia Community Resource Centre were successful in their application to purchase an eID reader that can be hired by local farm businesses to use while handling livestock.

Once the Wand has been received, we will advertise it's availability for hire in the Westonian.

## Future grant opportunities & award nominations:

- Department of LG, Sport & Cultural Industries – Active Regional Communities Grants (up to \$5000) categories; Capacity building, Event hosting and Participation. Applications open all year.
- Healthways and Lottery West

## WESTONIA TOURIST PARK

The park has been extremely busy with most visitors extending their stay where they can, this may have something to do with the new caravan park caretaker "Rocky" and his humans.

There are rave reviews flowing in on wiki camps about our park, attractions and the friendly welcoming community of Westonia. Our towns attractions are still producing 4 to 5 star

reviews and shows there are a lot of visitors returning to spend more time in Westonia, which is great for the future of tourism in Westonia.

Rocky the Caretaker

#### REPAIRS & MAINTENANCE

- Various minor repairs and maintenance ongoing. Focal area being bathroom maintenance (fixtures and disabled bathroom upgrade)
- Disabled toilet drainage will need some major work as tree roots have made their way into the pipes.

#### FUTURE PROJECTS

- Permanent signage required to say “If office is unattended, please ring the caretakers phone or Shire office alternatively you can visit the Shire office during business hours Monday to Friday to complete your booking”.
- Overflow – new signs needed for sites and information sign needed to describe who to ring or see to book in and outline that you must un-hook. Defined bays might be a good idea for this area.

#### STATISTICS

#### HOOD-PENN MUSEUM

The museum has had a lot of visitors going through the doors recently, feedback from visitors are that it is one of the best museums in Australia which is a pretty great compliment, the mannequins are always a show stopper and really take everyone by surprise, the shearer in particular amazes everyone.

#### REPAIRS & MAINTENANCE

- Various minor repairs and maintenance ongoing

#### RECENT PROJECTS

- Old Truck modification for farming scene and Back drop in-place.

#### FUTURE PROJECTS

- New scenes to be created in the existing space of the old storage room to tell the stories of our primary industries of which Westonia was founded on.

**Subject:** Containers for Change Kerbside Collection Data - June 11 2024

Hi Bill,

Firstly, my apologies for not sending through statistics for May. Time got away from me!

Please see below summary and attached data for the June 11 collection.

A good collection this month with a couple more first time participants, which was great to see.

| Summary for June 11 2024 Collection                                                                  |          |

| Material Type Summary |       |
|-----------------------|-------|
| Glass                 | 1,183 |
| Aluminium             | 2,199 |
| PET - Clear           | 484   |
| PET - Colour          | 74    |
| HDPE                  | 121   |
| LPB                   | 57    |
| Steel                 | 3     |
| Other                 | 0     |
| Total                 | 4,121 |
| Ineligible Containers | 8     |

I did a bit of working out (see 'Participation Rates' tab) of who is lagging behind in terms of participation and which houses are actually unoccupied so will not be participating.

There are a few houses which I wasn't sure who lived there or if they were vacant or not. I did work out that if you take out the houses which I could identify as definitely vacant, participation is at 82%!

I am really impressed at how many households are on board so far. Just a few stragglers left.

I submitted an application to the annual Containers for Change awards for the 'Outstanding Partnership' category so hopefully we get a look in for that.

Cheers,  
Pauline

Dear Mr Price

#### **AUDIT FEE 2024**

Our indicative fee for the audit of your 2023-24 financial report is \$30,200 (excl. GST). The indicative fee represents an increase compared to the prior year invoiced audit fee (2022-23: \$26,090).

This fee has been calculated to cost-recover the OAG's expenses to deliver the audit work program, plus any directly related costs such as contract fees and travel expenses, as applicable.

In addition to giving assurance on your entity's annual financial report, the audit will also provide transparency surrounding relevant legislative compliance, financial controls, probity, and governance matters, and enables our whole-of-sector parliamentary reporting and stakeholder liaison across the sector.

To uphold our auditor obligations, we are aiming to issue all financial audit opinions for the 2024 reporting period by no later than 6 December 2024. This will enable you to discharge your statutory financial reporting responsibility to ratepayers in a timely manner (i.e. by no later than 31 December 2024).

#### **Increase in audit effort**

In recent years there has been an increase in audit effort due to:

- changing systems or processes at entities
- staff shortages at entities resulting in poorer financial management, reporting and audit preparedness
- complexities and prior year issues which have resulted in an increase in management letter findings (financial audit and information systems audit), with some entities receiving modified opinions (qualifications and disclaimers)
- implementation of revised or new auditing/accounting standards.

As a result, our audit teams and senior staff are required to apply additional scrutiny to maintain audit quality and consistently report issues across the sector.

### **Increase in professional salaries and contract audit firm fees**

Public sector salary adjustments are one factor affecting fee increases, but salaries paid by our approved contract audit firms to retain professional staff also play a significant role in increasing costs. Our approved contract audit firms have significantly increased their audit fees (average of 38% for local government entities). This is consistent with the prior year and reflective of the market, specifically for the auditing profession who, as with the OAG, are experiencing significant labour constraints and wage inflation. It also reflects the firms allowing enough hours to properly address the issues being encountered in many public sector finance functions.

The average fee increase across our audit portfolio of local government sector is 21%.

The specific reasons for the fee increase for your entity are:

- a number of issues (i.e. management letter findings or technical issues) have previously been identified which requires additional audit effort this year to assess the impact on the current year's audit opinion
- we have not been fully recovering our contract audit firm fee in recent years – in such instances we have adjusted to fully recover such and a reasonable proportion of our own time and costs.

### **How we can work together to minimise audit fees**

We request that you submit certified financial report to our audit team at the commencement of the final visit. You will also need to provide key information and have staff available during the audit process. Being better prepared and audit ready should mean fewer queries from the audit team, which contributes to timely completion of the audit and potentially reduced costs.

We encourage your finance team to use the [Audit Readiness - Better Practice Guide](#). This will help you maintain a sound control environment and provide timely and well-prepared financial report, working papers etc to our audit team. By being better prepared and audit-ready, our audit team is likely to have fewer queries, which contributes to timely completion and potentially reduced costs.

We will re-assess the costs for your audit closer to audit completion and inform you if a fee revision is necessary. A fee revision will only occur after we consult with you.

We look forward to working with you to promote accountability and transparency in the local government sector for the benefit of the community we jointly serve.

Please contact your Engagement Leader Mikey Fiorucci on 6557 7534 if you require further information.

Yours sincerely

**Subject:** 2024/2025 Direct Grants

OFFICIAL

OFFICIAL

Good afternoon,

In preparation for the new financial year, please see a list of the Direct Grants below.  
The invoices and certificates are to be submitted between 01 July 2024 and 31 August 2024.  
Please email these to [wheatbelt@mainroads.wa.gov.au](mailto:wheatbelt@mainroads.wa.gov.au)

**All invoices are to be accompanied by a Certificate of Completion for the 2023/2024 Direct Grant.**

Please do not submit a CoC for the 2024/2025 grant.  
An example on how to complete the CoC is attached.

## Local Governments in Western Australia have a strong history of working collaboratively to maximise resources to deliver outcomes that would be difficult to achieve alone.

They do this in a number of ways, through formal legislative arrangements for specific services such as Regional Councils, through less formal governance arrangements such as Voluntary Groups of Local Governments (ROCs) for regional planning and projects, and by using a range of other arrangements such as Incorporated Bodies, Memorandums of Understanding and Service Delivery Agreements on a fee for service basis for specific services or functions.

They have access to a range of governance arrangements ranging from formal legislative structures to less formal and ad hoc arrangements which together provide Local Governments with flexibility and scalability relative to risk, scope, capacity and capability and the collaborating Local Governments.

It is important to note that Local Governments also actively seek to work collaboratively with Government agencies, industry, local business, and civil society in delivering community outcomes. Across regional WA, Local Governments work closely with Regional Development Commissions and regional offices of the Commonwealth's Regional Development Australia (RDA) network to undertake regional planning, develop regional projects, and leverage State and Federal funding.

This compilation of Cooperation and Shared Services across Western Australia is a result of information gathering from the sector and may not be exhaustive.

# Regional Cooperation

Regional Councils can be established under section 3.61-3.68 of the *Local Government Act 1995* into formal entities that operate with the same governance requirements as Local Governments. Regional Councils were established primarily to provide regional waste services; however, some have gradually diversified the provision of service delivery to their member Councils.

# Regional Cooperation

A number of voluntary organisations of Councils have been established to work collaboratively for regional planning and shared projects that benefit a region. Governance arrangements can vary, but most operate under a memorandum of understanding with administrative support often provided by the members' Councils.

# Regional Cooperation

Some Local Governments have established and participate in other forums, most commonly incorporated bodies, and often with an economic development focus. Some forums include other stakeholders apart from Local Governments.

# Shared Services

Many Local Governments across Western Australia work collaboratively with other Local Governments to maximise their resources for the delivery of specific services.

Arrangements may be ad hoc or more formalised through contracts and shared service arrangements, often on a fee for service basis.

In 2018 WALGA undertook a project to identify where Local Governments across the State are working collaboratively with each other to maximise their resources. Forty-nine valid responses were received across a wide range of areas including:

Building Services

Financial Services

Planning Services

Community Services

Health and Aged Care Services

Plant & Equipment

Economic Development

ICT & Communications

Ranger Services

Records Management

Emergency Management

Landcare and Environmental Management

Tourism

Environmental Health

Library Services

Waste Management

# Shared Services

Although not exhaustive, the following summary provides a snapshot of the range and longevity of many collaborative arrangements in operation that often respond to capacity challenges. This demonstrates how Local Government as a sector has been consistently looking for innovative ways to create efficiencies, improve productivity, and deliver important services to their communities.

Local Governments identified the following benefits of cooperation:

Access to cost effective additional expert staff resources

Increased sharing of knowledge and expertise improves decision-making

Maximising human, capital and financial resources on an 'as needs' basis

Increased success with grant funding applications

Stronger advocacy and negotiating position

Ability to provide important services that would be otherwise unaffordable

Despite the benefits, the following challenges were identified:

Resources required or initial start-up of a cooperative arrangement including time, money, shared expectations, agreement on deliverables

Establishing systems and processes

Travel distances for shared staff

Dealing with conflict

Parochialism

# Shared Services

## Key success factors:

Formalising governance and service delivery arrangements

Meeting legislative and compliance requirements

Shared commitment at all levels (political and administrative)

Consistent communication and messaging

Flexibility

Access to professional staff

Community satisfaction with outcomes

Council satisfaction with outcomes

## Other areas to explore cooperation opportunities were identified as:

Asset Management

Road Maintenance

Community Development

Process Mapping and development of Systems and Procedures

## The sector would appreciate assistance with:

Model Agreement/Template Contracts

Facilitation of regional cooperation

Shared portal of useful resources and case studies

# Current Shared Services

All Local Governments across Western Australia participate in Local Emergency Management Committees and share Local Emergency Management Arrangements in accordance with the *Emergency Management Act 2005* in partnership with Department of Fire and Emergency Services (DFES). In addition to their obligations under the Act, many Local Governments work collaboratively to ensure they can meet these obligations and add value to the important task of keeping their communities safe, which often includes the sharing of a Community Emergency Services Manager (CESM) under a Memorandum of Understanding with DFES.

## Current Shared Services

Many Local Governments across regional Western Australia participate in a Regional Library Scheme under an Agreement with the State Library of WA. Under this arrangement, a regional public library provides support services to small public libraries in accordance with an agreed Annual Activity Plan. Regional Libraries receive funding from the State Government via the State Library for the provision of this service. These arrangements have not been included in the list of examples of cooperation and shared services between public libraries below.

However, in addition to these regional services, the City of Albany, the City of Port Hedland, the City of Karratha, the City of Greater Geraldton, and the Shire of Merredin seek additional funds from Local Governments within their region for a range of services such as coordinating author visits, providing training and workshops, providing bulk loans and supporting a regional library computer management system (LMS). Some also host an annual professional development forum with contributing funding from libraries in the region and the State Library.

# Current Shared Services

Across the State, particularly in regional Western Australia, Local Governments support tourism in a number of ways. This ranges from the provision of infrastructure and services to support visitors; regional promotion; development of trails, museums and visitors' centres; to supporting local and regional tourism associations and destination marketing organisations. The following represents a range of approaches adopted by Local Governments.

Local Governments often initiate or participate in inter agency forums to focus on critical community issues. Other agencies come from State Government and the not for profit sector and may involve community groups and representatives.

| <b>Regional Council</b>                                     | <i>The Local Government Act 1995</i> refers to Regional Local Governments in Part 3 (Division 4) as ‘two or more Local Governments; who may (subject to Minister’s approval) establish a regional Local Government to do things, for the participants, for any purpose for which a Local Government can do things under this Act or any other Act. | Regional Local Governments or Regional Councils (as they are often known) may exist in specialist areas and are formed to oversee management of a particular function, traditionally waste management services. A landfill site, for example, may serve six Local Governments, rather than each of them having individual facilities. A Regional Council may then be established, consisting of members of each Council, to manage this facility. Some Regional Councils have extended the scope of services provided to their member Local Governments beyond the management of waste and waste facilities.<br><br>There are currently eight Regional Councils in Western Australia in both metropolitan and regional areas. |
| <b>Voluntary Regional Organisations of Councils (VROCs)</b> | Governance arrangements can vary, but most operate under a Memorandum of Understanding generally with administrative support provided by the members Councils on a rotational basis. Memorandums of Understanding commonly outline the scope of activities, membership arrangements, funding arrangements and administrative support.              | VROCs are established to work collaboratively for regional planning and shared projects that benefit a region. Projects are often related to regional service delivery, environmental issues, regional facility planning, tourism projects, waste management and strategic issues in common.<br><br>There are currently sixteen VROCs operating in Western Australia in both metropolitan, and more commonly, regional areas.                                                                                                                                                                                                                                                                                                 |
| <b>Incorporated Bodies</b>                                  | Some Local Governments participate in associations or alliances formed for a specific purpose under the <i>WA Incorporated Associations Act</i> .                                                                                                                                                                                                  | Some Local Governments collaborate to form incorporated associations in order to provide a formal governance arrangement for the conduct of a particular activity most often outside the normal functions of a local government. These associations often include members that are not a Local Government. They may be formed to undertake tourism/economic development activities or to deliver a specific regional project or service, such as aged housing.                                                                                                                                                                                                                                                                |

| <b>Regional Subsidiaries</b>  | <p>A Regional Subsidiary is a semi-independent collaborative organisation established by two or more local governments to provide new or existing services that can be more effectively delivered together than by one local government alone.</p> <p>It is established under the <i>Local Government Act 1995</i> with the agreement of two or more local governments. Local Governments wishing to establish a Regional Subsidiary must develop a Charter and Business Plan and seek feedback from their respective communities. Each Local Government must approve the Charter and Business Plan before seeking the approval of the Minister for Local Government, Sport and Cultural Industries.</p>                                                                                                                                                                    | <p>A Regional Subsidiary can deliver one or more services currently delivered or functions performed by a local government. These could include rating services, records management, environmental health services, finance functions, procurement to name a few. It can also initiate new opportunities such as tourism, aged care, procurement, etc.</p> <p>The purposes of a Regional Subsidiary are captured in its Charter and Business Plan.</p> |
| <b>Beneficial Enterprises</b> | <p>Beneficial Enterprises (or Council Controlled Organisations) are arms-length entities that can deliver projects and services required by the community.
